

Drainage Board met in the Commissioner’s Room of the courthouse on June 16, 2014 at 10:15 a.m. with the following present: Mark Bacon, Ken Masters, Bruce W. Levi, members; Leigh Morning, Board attorney; Marvin L. Rees, Surveyor; Michele Gordon, secretary. Warren Norris, county councilman, was also present.

Minutes of the previous meeting were approved and signed by motion of Masters, with a 2nd by Levi.

PRIVATE DRAIN

Bob Veatch has a private drain that crosses CR 700W and he is having drainage issues. He suspects tile was cut when the road was reconstructed. Morning, Board attorney, said statute of limitations on a contract is 6 years and the maximum would be 10 years. If the tile under the road needs to be replaced it would be the responsibility of Mr. Veatch to pay the cost.

CARR/STANLEY TILE AND OPEN

Bob Veatch was present. Surveyor gave his reconstruction report and he states this is high priority due to the drainage issues involved with this tile. Part of the proposed reconstruction would involve going under the railroad which could be an issue. The Surveyor will try to contact the railroad and discuss this project. More reports will follow at future meetings.

WALTER B HILL TILE

The possible reconstruction for this tile would involve going under a private railroad. The Surveyor has been in contact with the owner. He has also discovered that more parcels need to be added to the watershed.

16th STREET EXTENSION

A motion was made by Levi, with a 2nd by Masters, to sign the certificate of maintenance assessments. Motion carried.

SAMUEL COHEE OPEN

Plans have been received by the Surveyor for the installation of a new gas pipe line that will cross the Samuel Cohee Open Drain. Permission will need to be granted by the Board for Vectren to cross the drain.

There being no further business to come before the Board a motion to adjourn was made by Levi, with a 2nd by Masters. Motion carried.
